

New Channels Changes and More Choices

ETC will be adding 5 new channels to Enhanced Basic programming, 4 new channels to Digital programming and 14 new HD channels by May 1st. As we rearrange our programming line-up, we will also be introducing a new tier. ETC will now be offering an **Essential Basic package**. This package will offer 30 channels with standard TV's and 44 channels for TV's with a built-in digital tuner. Your cable television line up will change to accommodate these new choices and channels. We will enclose the new Channel Guide with your next statement for your convenience.

What Happened To My Channels? Some channels have moved, use this guide to find out where they went
